Production Programme

A Comprehensive range of cutting tools is another central component of our strategy and the quality and innovation built into our tools is the key to your profitable production. In order to offer the best total solutions we also provide technical support, demonstrations, technical advice, new ideas and practical experience. Besides items which you have seen in this catalogue we offer Tools for every application in Metal cutting, Automobiles, Aerospace, Precision engineering, Heavy engineering, Die & Mould industries etc.

- Solid Carbide Tools.....** : Drills Solid Carbide oil fed drills, Burnishing Drills, Step Drills, Subland Drills' Spotting Drills, from Drills, Modular Drills, Form Drills, Centre Drill, Extra Long Drills.
Reamers: Solid Carbide & Oil fed Reamers, Burnishing Lapping finish Reamer Modular Reaming Head, Systems, Core Drills, Hole Mills, Form Reamers.
Carbide Milling Tools: Ball Nose Cutters, Form Cutters, End mills, Shell Cutters, Rounding Cutters, T - Slot Cutters, Woodruff Cutters, Saws, Counter Sink & Bores. Port cutters.
- Threading Inserts & Tools..** : Solid Carbide Taps, Thread Milling Cutters, Threading tools & Inserts for turning, Boring Grooving, Milling etc.
- Insert Drills & Reamers.....** : Modular Drills with Inserts, Combination Insert Drills, Reamer with indexable Inserts & Inserted milling cutters, Turning tools, Boring bars, Cartridges.
- New Super HSS** : Oil fed Drills, Reamers, Cutters for Inter Mitten Cuts.
- PCD & CBN Tools & Inserts** : Diamond Drills, Reamers, End mills, Profile Cutters, Inserts.
- Carbide Inserts.....** : For Turning, Milling, Drilling, Boring, Threading etc.
- Special Inserts.....** : Form & Profile inserts including Carbide Insert, PCD & CBN Inserts, Super HSS Inserts.
- Carbide Tipped Tools.....** : Cutters Drills Reamers etc.
- Spl. Carbide wear parts.....** : Dies, Punches, centres, blades etc.
- Tailer Made Tools.....** : As Per Your Requirements & Drawings.

CARMET.....Regrinding & Recoating

Carmet tools, Regrinding service, Recoating service, Reengineering service give new life to your tools. Whether it is Carmet geometry or any other make.

CARMET.....Innovative geometries

Carmet is dedicated to constantly improving method working technology through introduction of new improved products, geometries, innovative toolings design to increase performance, productivity & provide savings & improve precision. Carmet have innovative geometries from our constant research & development

- "Carmet - D max".....Ultimate geometry for drills-everydrill
 "Carmet - R max".....Ultimate geometry for Reamers
 "Carmet - C max".....Ultimate geometry for endmills & ballnose.
 "Carmet - Carmax".....Ultimate geometry for rest of tools.

Carmet has been fabricating precision tools setting industry standards for quality, repeatability, Production versatility, and customer service.

You don't have to settle for what's in the shop. Choose Carmet tools & make the right tool for every job better, cheaper, faster.

Carmet tools has earned a reputation for investing in its technology to produce world-class carbide tools. Carmet commitment to excellence and customer satisfaction will consistently prove our ability to serve customers with the superior quality, competitive Pricing and fast turnaround we've provided since years.

Carmet tools proves to be versatile in our ability to satisfy specific applications while maintaining product excellence.

Carmet tools competitive pricing and cooperative relationships with end-users means fulfilling blueprint specials.

Carmet tools core business has always been blue print specials & world standards. The required focus and attention to customer specifications for these unique applications carries over to all aspects of the organization. Carmet tools service engineers work in tandem with customers to fine-tune the best materials, geometry, edge prep. and coating for each application.

Carmet is confident that investing in capital technology coupled with a highly skilled workforce fortifies our ability to serve the industry with cutting-edge solutions and expert customer service.
